PROFESSIONAL SUMMARY

Computer Science (Data Science) undergraduate with hands-on exposure across five internships spanning Python development, full-stack development, data analytics, and data science. Skilled in Python, HTML/CSS, and Git/GitHub, with a project background in building practical applications. Strong team collaborator known for fast learning and adapting quickly in fast-paced environments; seeking an entry-level Software Development / Data Science role to apply and grow these skills.

EDUCATION

- **B.Tech, Computer Science & Engineering (Data Science)**
- CGPA: 7.01 | No Backlogs

TECHNICAL SKILLS

- **Programming Languages:** Python, Java (Basic)
- **Frontend:** HTML, CSS
- **Tools & Platforms:** Git, GitHub, VS Code, Vercel, Antigravity IDE, Arduino
- **Core Practices:** Data Analytics, Full-Stack Development Fundamentals, Time Complexity Analysis

SOFT SKILLS

- Team Collaboration
- Team Management
- Communication
- Problem Solving
- Time Management
- Adaptability in Fast-Paced Environments

INTERNSHIP EXPERIENCE

- **Python Development Intern — Cognifyz IT Solutions Pvt. Ltd.**
- Completed a one-month Python Development internship, working on hands-on coding assignments and building strong fundamentals in Python programming and problem-solving.
- **Python Programming Intern — Code Alpha**
- Solved programming tasks in Python covering core logic, data structures, and problem-solving exercises.
- **Python Full-Stack Development Intern — Eduskill**
- Worked across front-end (HTML/CSS) and back-end (Python) components to understand end-to-end web application development.
- **Data Analytics Intern — SkillArion Development**
- Worked on data analytics tasks, applying core analytical techniques to interpret and process datasets.
- **Data Science Intern — Thrinax**
- Gained hands-on exposure to data science workflows, including data handling and analysis fundamentals.

PROJECT EXPERIENCE

- **Python-Based Pick & Drop System:** Designed and developed a Python application to manage pick-and-drop logistics/task allocation, applying core programming and problem-solving concepts.
- **Personal Portfolio Website:** Built and deployed a personal portfolio website showcasing projects, skills, and experience.

CERTIFICATES

- Cognifyz IT Solutions — Web Development Internship Certificate
- Code Alpha — Python Programming Internship Certificate
- Eduskill — Python Full-Stack Development Internship Certificate
- NPTEL — Introduction to Internet of Things
- SkillArion Development — Data Analytics Internship Certificate
- Thrinax — Data Science Internship Certificate
